Dear State Association Executives – thanks to the eagle eye of Chris Merritt, it was brought to our attention that the COVID access letter is signed by the now-departed director, Christopher Krebs. Please see confirmation below that the letter remains effective until further notice.

We will let you know if we hear of any updates.

Thank you!

Sue

FYI. Confirmation that the access letters remain effective.

**Subject:** CISA COVID Access Letter

ISAC Team. Hope all are well.

The NCC has reached out to leadership on the COVID access letter signed by Director Krebs. Until we get clarification I provide the following guidance.

The original letter signed by Director Krebs as the Director of CISA is still in effect until another CISA Director or authorized person either reissues or terminates the current letter. Will let you know immediately if we hear anything else.

Take Care and have a great weekend and Thanksgiving.

David
